Payment Policy: The patient (or parent/guardian if under 18 and not emancipated) is responsible for all professional services rendered, regardless of insurance coverage. Full payment is expected at the time of service unless other arrangements have been made in advance with our bookkeeper.

Authorization of Payment: I hereby authorize Dr. Mary E. Geldernick to release medical information concerning my exam and/or treatment for insurance purposes (including drug and alcohol use and sexually transmitted disease if applicable). I authorize Dr. Mary E. Geldernick to receive direct payment for medical benefits payable to me for services rendered. This authorization is irrevocable unless Dr. Geldernick is otherwise notified in writing prior to services rendered. I certify that the information I have provided is correct.

If under 18 years of age, parent or guardian must sign.

We file your insurance as a courtesy.

The law requires insurance companies to send payment or notice of non-coverage within 45 days. If not paid at that time, the charges become *your responsibility*.

Please contact your insurance company if you have any questions regarding coverage or your policy.

Most insurance companies define an *Annual Exam* as a physical exam and a pap smear with no problems. Other cultures and blood work may not be covered.

Please Note: If you have problems that require further testing be performed for diagnosis or procedures for treatment, the visit does not meet the criteria for an annual exam. For insurance to consider coverage, it must be filed with a diagnosis (NOT AN ANNUAL EXAM) and is then usually under regular benefits. You may then be partially or entirely responsible for the cost depending on your policy (co-pay, co-insurance or deductible).
